Portfolio: portfolio

Profile

Recent Computer Science Engineering graduate with hands-on experience in web development and software projects using ReactJS, Python, and modern development tools. Familiar with data structures, problem-solving, frontend technologies, and collaborative team environments. Interested in software engineering and continuously improving technical skills through practical projects and learning.

Skills & Competencies

- **Programming Languages:** C, Python, Java
- **Web Technologies:** HTML, CSS, ReactJS
- **Databases:** MySQL
- **Tools & Platforms:** Git, GitHub, VS Code, IntelliJ IDEA
- **AI / ML:** YOLOv11, ResNet, Deep Learning
- **Soft Skills:** Analytical Thinking, Problem Solving, Team Collaboration, Adaptability

Internship

Full Stack Development Intern – Infospica June 2025

- Assisted in frontend development using ReactJS and supported backend operations with Spring Boot.
- Tested website functionalities, identified UI issues, and reported bugs for improved usability.

Education

B.Tech in Computer Science and Engineering May 2026
Amal Jyothi College of Engineering, Kanjirappally
APJ Abdul Kalam Technological University CGPA: 9.07

Senior Secondary Education (CBSE) – Class XII July 2022
Sreyas Public School, Ponkunnam Percentage: 93.6%

Secondary Education (CBSE) – Class X July 2020
Sreyas Public School, Ponkunnam Percentage: 96.5%

Projects

Traffic Sign Recognition & Driver Alert System — Tech: YOLOv11, ResNet, Python, OpenCV

- Developing a real-time traffic sign detection and driver alert system for Indian road conditions.
- Worked with YOLOv11 and ResNet models for traffic sign detection and classification.
- Research paper accepted for presentation at IEEE RECCAP 2026.

VENOMSHIELD – Kerala — Tech: ReactJS, Spring Boot

- Built a web-based platform to locate hospitals with available anti-venom using location-based filtering.
- Assisted in frontend and backend integration using ReactJS and Spring Boot.

SkillBridge – Employment Platform — Tech: ReactJS, Flask, MongoDB

- Developed a web platform connecting daily wage workers with employers.
- Designed features for worker listings, job posting, and scalable user interaction.

Certifications

- Oracle Database Programming with SQL — Oracle
- Oracle Java Foundation, Programming using Java — Oracle, Infosys
- Database Management Systems — NPTEL (Certificate of Merit)
- Professional Skilling Program — AICTE IDEA LAB

Achievements & Leadership

- Awarded Manager's Honours Award for academic excellence (Semesters 1–4)
- Road Safety Coordinator, National Service Scheme (NSS)
